BETTER PAY BOX RENT

In case box rent is not paid by closing hour this evening, all delinquent boxes in the Bisbee post office will be plugged up and no more mail delivered through them, according to announcement made yesterday by Postmaster Cassidy. A number of box renters have been very dilatory in paying the fee due, and Mr. Cassidy is determined to carry out the ruling. In fact he has no option as this is a strict ruling of the department. The postoffice is to observe holiday hours on both Sunday and Monday and the inconvenience of persons whose boxes are closed will therefore be doubled. Unless they have come in with the required amount by this evening they will be compelled to call at the general delivery window for their mail and these will be open but a limited period each day.

PERSONAL MENTION

Sarkis Jose Dominguez, of Naco, is in the city for a short stay.

Elmore I. Crouch arrived in the city yesterday from Phoenix.

Miss Josephine Muirhead is in the city from Yuleta, N. M. where she is attending school, for a visit with her parents.

CHANGES ADVISED IN THE THEATERS

Rigid inspection of the theatres of the city, with respect to the precautions taken by the management in case of fire, was made yesterday afternoon by Fire Chief B. W. Norton, Alderman Jacob Schmid and J. M. Woods, special inspector. As a result a recommendation will be made to the council at its next meeting advising slight changes in exits at all of the theatres.

The Orpheum, Royal and O. K. theatres were visited and each inspected as to availability of exits in case of fire. One recommendation that will be made will be that another stairway from the gallery be put in by the Orpheum while only minor changes are suggested in the arrangement of the other two theatres.

The inspection had yesterday was the result of an order issued by the council several weeks ago and was made as a matter of public safety. Save for the minor changes that will be suggested, the theatres in Bisbee are for ever the average playhouse in cities of like size throughout the country. Chief Norton stated:

"Old Biddlers," in which Rick and Biddler appeared, is to be presented by the New Theatre Company.

MUSTACHE OF "DAD" IN A CLASS CASE

Tenderly and carefully were the sacred fragments of a once riotous mustache gathered up by George Robert, tenderly and carefully will they be preserved and labeled "whiskers that Father wore." Dad Walsh has sacrificed his set of blooming lilacs and rendered his once fatherly countenance extremely youthful and frivolous.

Since memory of man runneth not to the contrary Mr. Walsh has worn these same mustaches and like the thian Castle, Castle Rock and the Copper Queen store, they were looked upon as a landmark of Bisbee.

Wednesday, however, came the fateful day. "Cut 'em off," said Daddy briskly as he entered the barber shop. The barber hesitated fearing that his ears had deceived him but again came that stern command and "they" were cut. The glory of that mustache will remain undimmed, however, as the years pass, even though the former owner elects to wear no hair upon his countenance. Mr. Robert securing all that remained, put them away in his safe. He is having a small glass case constructed and the mustache, properly labelled and dated, will be placed in his cabinet of curios in his Main street saloon.

ADJUSTING THE LOSS OF DOMINGUEZ FIRE

For the purpose of discussing adjustment of the insurance upon his stock of goods, which was burned in his store at Naco, during the latter part of Sept., Sarkis Jose Dominguez is in Bisbee. To complete adjustment with Mr. Dominguez R. T. Archer, adjuster for the companies in which he carried the policies, is in the city. The amount of his policies is about \$16,000.

Immediately after the fire and for several weeks afterward, it is understood, the insurance company had detectives working upon the fire case, as incendiarism was suspected. The owner was not in Naco at the time and it was believed that some enemy of his had set fire to the place.

All effort to discover the cause of the fire was abortive and its cause is yet a mystery. The interior of the Dominguez store was a mass of flames when the fire was first discovered and two young men who roomed in the building had a narrow escape from death.

PHOENIX EASTERN TO BEGIN WORK

PHOENIX, Dec. 30.—It is announced in the offices of the Arizona Eastern Railroad company that work will begin at once upon the construction of a line northeast from Globe toward Colorado. Right of way troubles near the Globe terminal have hitherto caused a delay.

It is also announced that the work of replacing the present track with heavy steel for thirteen miles from Kelvin, east, making the entire line from Christmas Camp to the end of the Buckeye connecting line, fifty miles west of Phoenix, of seventy-five pound steel.

These and other minor construction projects indicate renewed activity in pursuance of the plan for a through main line from the Durango coal fields, via Globe and Phoenix to a point near Yuma, out-lined when the Arizona Eastern was incorporated a year or so ago, embracing all the Southern Pacific branch lines in Arizona.

The plan, also held up by the fight of way contest in the general led office, for a time through Gila canyon, between Winkelman and San Carlos, is still unsettled. But the railroad movements suggest its confidence in its ultimate victory.

KIPLING'S 45TH BIRTHDAY

LONDON, Dec. 30.—Friends and admirers in many parts of the world remembered Rudyard Kipling today on the occasion of his forty-fifth birthday anniversary. For several days past an almost countless number of telegrams and messages have been pouring in upon the noted author at his home in Sussex.

LEXOW, FAMED PROBER OF CRIME, IS DEAD

NEW YORK, Dec. 30.—Clarence Lexow, formerly chairman of the senate committee to investigate the city government of New York, died at his home in Nyack, N. Y., tonight. Lexow was known the country over from the committee which was named after him. His death was due to pneumonia. He is survived by a widow and three children and three brothers. He was born in Brooklyn in 1852, graduated from both Columbia university and the University of Iowa. He took to practice of law, entered politics in 1893, and was elected to the state senate. The year following he was appointed chairman of the committee to investigate the city government of New York, universally known as the Lexow committee.

Results were startling. For the first time the public heard of the police "system." The illicit alliance between officers high in the department and gamblers and proprietors of disorderly houses, hotels and saloons that violated the excise laws, and other law breakers was uncovered. Rev. Dr. Parkhurst gave testimony that shocked the nation. In recent years Lexow devoted himself to law practice and private business. At the time of his death he was director in many companies.

"BORAX KING" HEADS GIANT CORPORATION

WILMINGTON, Del., Dec. 30.—The United Properties Company of California was incorporated here today with a capital stock of \$200,000, 000. It is authorized to equip, construct and operate railroads, steamship lines, electric light, power and traction lines; to employ water for domestic purposes and irrigation, build and operate wharves, docks and warehouses. The operating offices will be in San Francisco and Oakland, Cal. The directors: Harry W. Davis, of this city; F. M. Smith, W. S. Tevis, R. G. Hanford, Gavin McNabb, C. B. Zabriskie, W. R. Alberger and Dennis Seales. The new corporation is said to represent the merger of all the public utilities companies of Berkeley and Oakland, Cal., including ferry lines that connect these places with San Francisco, and is the largest concern ever organized under Delaware incorporation laws. C. B. Zabriskie, 100 William St., New York, who secured the charter, was obliged to pay the state fee of \$10,000.

OAKLAND, Dec. 30.—The preliminary step of incorporation at Wilmington, today, of the gigantic United Properties Company of California, marks the recent purchase by Frank M. Smith, president of the Oakland Traction company and the Key Route Ferry system of the large holdings in these properties of the Union Savings bank here.

By this deal Smith is said to have secured complete mastery of the two concerns, thus enabling him the way for carrying out extensive development and improvement operations which he is known to have been planning several years.

Smith, who built the Key Route system, officially known as the San Francisco, Oakland and San Jose Consolidated railways, is one of the largest capitalists of this section of the state. By reason of vast holdings in borax properties he is frequently referred to as the "Borax King."

TO FIGHT POWDER TRUST.
MARTINEZ, Cal., Dec. 30.—California Powder Works is the name of a corporation organized here today for the purpose, it is said, of fighting the so-called powder trust. The incorporators are State Senator Chas. F. Belshaw, John Birmingham, jr., Alvin Price, William Sessions, and Leslie Drew, all of Contra Costa county.

Ottawa, Ont., Dec. 30.—With R. A. Waite of New York, C. K. Calhoun of Montreal, Eugene Foster of Detroit and other noted Y. M. C. A. leaders among the participants in the 4th Annual Boys' Conference for "Warrior and Gracie" opened today under the auspices of the local Y. M. C. A. The sessions will continue over Saturday and Sunday.

DEMAND THE BOOKS

DENVER, Dec. 30.—Charging fraud in entries on coal lands in Routt county, Ethelbert Ward, assistant United States district attorney appeared before Federal Judge Lewis in chambers today and made requests for subpoenas deces tecum to compel officers of the American Fuel & Iron company to produce the company's books in court. Ward stated he believed the books of the company would reveal fraudulent entries on coal lands worth more than a million. The American Fuel & Iron company is formed by F. W. and Arle Keitel and other of St. Louis. Its principal offices are in Denver.
